CoQ10 is an enzyme that is essential for good skin health. It is thought to possess antioxidant properties that promote skin moisture, evens out skin tone, and minimizes UV damages. CO Q10 works as an anti-aging, anti-oxidant to keep skin youthful.

Retinol The ability of retinol is to increase collagen and elastin production which makes it helpful in improving skin texture, and reducing pore size. Retinol promotes cell turnover rate causing micro-exfoliation, which helps clear out pores

How to use:

Apply it to the face, neck and neckline with a gentle massage until completely absorbed. Daily use, night time.
